COMMENTS FROM THE MAYOR:

*At the last meeting we had several complaints about the parking meters in the downtown section of Ravenswood not working and that ticketing violators was unfair. Since it wasn't on the agenda, I made an administrative decision to declare free parking in the downtown section of Ravenswood until the next council meeting. As of this time I am recommending to Council that they continue the free parking. This will give time to see if the free parking is being abused.
